

Client Testimonials

"Wade and Wendy run a professional business that will continue to be successful in the future. When we went to sell our house, it had to be marketed in the right way. Wade and Wendy impressed us with their marketing plan, which was an innovative and modern approach. We sold our house in two weeks for exactly what we wanted. They kept us updated and were very approachable. Thanks for everything guys." Tony and Nat Flanders, Brisbane.

"I had no experience in selling property and no concept of property value. After consulting with several agencies I chose to list exclusively with Wendy and Wade as I was impressed by their professionalism in presenting a marketing proposal fully supported by facts and figures. They were honest and kept me fully informed throughout the sale of my property, making it a simple process. I was extremely happy with my final sale outcome." Kylie Dawes, Gladstone.

"Wendy and the team demonstrated an extremely professional approach and at the same time had that personal touch that most others miss. The end result for us was an excellent sale price in a short time frame, and also importantly an ongoing and trustworthy relationship with a great team." Matt and Kristy Maggs, Gove.

"It is truly refreshing to deal with such a professional group of people who valued my business so highly. And it would be great to do business with you in the future. Your staff are a credit to you and it makes me glad to see a successful business being run by young people. Thanks again!" Judy Richmond, Gladstone.

"Any problems or queries on my behalf were dealt with swiftly, no matter how silly or trivial they seemed." Ian Baker, Gladstone

"We have bought and sold several houses over the years and we can honestly say that Wade, Wendy and their team are far superior to any agency dealings we have had in the past. They kept us well informed of what was going on during the whole process. They are true professionals and come highly recommended." Denis and Sandra Lynch, Yeppoon
