

We first experienced the professionalism of the team at Artation Property Group in March 2011.

Our properties, which consisted of two units in Caboolture, were transferred to Artation Property Group by our previous Property Managers whom chose not to continue with the Property Management side of Real Estate, to our good fortune Melinda adopted our file.

We were experiencing trouble with a tenant at the time and Melinda and Wendy were thrown in at a difficult transition period. The issue was sorted and the knowledge and continued correspondence and support showed in this instance encouraged us to transfer our other property located at Upper Coomera to Artation Property Group. Where again the transition of this property has not been an easy one but again, Melinda's continued dedication, support and communication has proven to be a valuable asset.

Whenever I have contacted the office the staff has always been courteous and polite. Return phone calls or emails have always been prompt.

Melinda has always dealt with issues that arise with confidence and has taken a lot of the stress from our hands knowing that I can rely of her to resolve any issues that may arise. We have been pleasantly surprised with the service and dedication shown to us over the past months and look forward to a long and successful relationship with Artation Property Group.

Regards

Linda and Roger Askey
