QLD Government Solar Hot Water Rebate ...

The Queensland Government is providing a rebate for eligible householders who replace an electric storage hot water system with a solar hot water system or heat pump.

If you are replacing an electric storage hot water system with a solar hot water system or heat pump, you could be eligible for:

- \$1,000 rebate for pensioners and low-income earners
- \$600 rebate for everyone else

The rebate is for systems purchased on or after 13 April 2010.

Please contact our property management department on 07 3481 2210 to see if you and your property qualify for this grant.

Quick Tip ...

Have you thought about installing a dishwasher in your home or investment property?

Now is the perfect time!

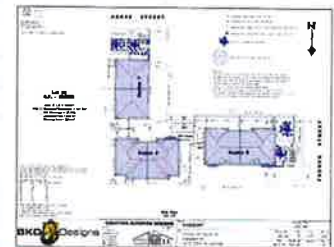

A recent study by Australian market research agency, Colmar Brunton found that washing dishes by hand uses five times more water and 60% more energy when compared to using a four star dishwasher for the same quantity of dishes.

Please contact our property management department on 07 3481 2210 if you would like us to arrange some quotes for your rental property.
